

“The Problem Solvers”

Supplying Specifically Designed and Created Problem Solving Solutions.

Problem: 20 litre Drums as per Photo below.

1. Carrying 20 litre Drums, handle cutting into hands.
2. Wire Handle Breaks whilst carrying
3. Trying to pour from Drum without spilling (nothing to hold onto).
4. Passing a Drum up to a Fellow Worker and Wire Handle Breaks.

Solution: 20 Litre Drum Lifter Carry Handle. P/No 0105

1. Re Useable, pull Test Certified
2. Comfortable Handle, weight distributed so it feels lighter.
3. Tee handles for infinite controlled pouring and 2 persons carry.
4. Magnet cast into handle for storing.
5. Eliminates the worry of Wire Handle Breaking or Letting go.
